

National Pediatric Transplant Week – April 18-24, 2021 Resources and Implementation Ideas

National Pediatric Transplant Week provides a platform to talk about the powerful message of ending the pediatric waiting list, to engage clinical partners to share their innovative work and patient stories (candidates and recipients), and to honor donor families whose children have saved and healed lives through organ, eye and tissue donation.

National Pediatric Transplant Week also gives pediatric donor and recipient families an opportunity to share their stories, encourage others to help save and heal lives by registering to be organ, eye and tissue donors and to learn more about becoming a living donor.

Donate Life America (DLA) would like to thank the United Network for Organ Sharing (UNOS), the American Society of Transplantation (AST), the American Society of Transplant Surgeons (ASTS), the International Transplant Nurses Society (ITNS) and Transplant Families for their collaboration and support of this celebration.

For more information about National Pediatric Transplant Week, please visit: DonateLife.net/pediatric-transplant-week/.

Informational Handouts

- Pediatric Donation and Transplantation Statistics – Up-to-date national data on the status of donation and transplantation.
- Donation and Transplantation FAQs – One-sheet handout with the answers to some of the most commonly asked questions about organ, eye and tissue donation.

Other Printable Resources

- Flyer (PDF) – 8.5” x 10”
 - Submit to community newsletters or places of worship for inclusion in their e-newsletters.
 - Print at home and display in your window or on your front door.
- Donate Life Garden and National Pediatric Transplant Week Themed Coloring Sheets
 - Use this as an at-home activity with children and family.
 - Share with patients to color and to help decorate a hospital wall with the finished pieces of art.

Social Media & Stories – Post and share with your online community.

- Facebook, Twitter, Instagram and LinkedIn Graphics – Share with your followers throughout the week and remember to include #KidsTransplantWeek as a hashtag.
