

## National Pediatric Transplant Week – April 22-26, 2019 Resources and Implementation Ideas

Join us in this feature celebration during the last week of National Donate Life Month!

National Pediatric Transplant Week provides a platform to talk about the powerful message of ending the pediatric waiting list, to engage clinical partners to share their innovative work and patient stories (candidates and recipients), and to honor donor families whose children have saved and healed lives through organ, eye and tissue donation.

National Pediatric Transplant Week also gives pediatric donor and recipient families an opportunity to share their stories, encourage others to help save and heal lives by registering to be organ, eye and tissue donors and to learn more about becoming a living donor.

Donate Life America (DLA) would like to thank the United Network for Organ Sharing (UNOS), the American Society of Transplantation (AST) and the American Society of Transplant Surgeons (ASTS) for their collaboration and support of this celebration.

For more information about National Pediatric Transplant Week, please visit: [DonateLife.net/pediatric-transplant-week/](http://DonateLife.net/pediatric-transplant-week/).

### Informational Handouts

- Pediatric Donation and Transplantation Statistics – Up-to-date national data on the status of donation and transplantation
- Donation and Transplantation FAQs – One-sheet handout with the answers to some of the most commonly asked questions about organ, eye and tissue donation

### Other Printable Resources Flyer PDF

- Flyer (PDF) – 8.5” x 10”
  - Submit to community newsletters or places of worship for inclusion in their bulletins.
  - Print at home and distribute to your friends, or local businesses or schools.
  - Post them in common areas at your workplace.
- Bicycle Coloring Sheet
  - Use this as a classroom activity when educating youth about donation.
  - Have patients that cannot leave their unit/room color these sheets and decorate a hospital wall with the finished pieces of art.

### Social Media & Stories – Post and share with your online community.

- Facebook, Twitter, Instagram and LinkedIn Graphics – Share with your followers throughout the week and remember to include #KidsTransplantWeek as a hashtag.
- National Donate Life Month Facebook frame – Add to your Facebook profile image during April. Look for the frame starting in April on [Facebook.com/DonateLife](https://Facebook.com/DonateLife).
- Pediatric Stories of Hope – Inspiring stories about pediatric organ, eye and tissue donation and transplantation will be available during National Pediatric Transplant Week on and [DonateLife.net/stories/](http://DonateLife.net/stories/) and [Facebook.com/DonateLife](https://Facebook.com/DonateLife).
